

Dialog Solutions Database List

Business and News

ABI/INFORM® Professional Advanced

ABI/INFORM Professional Advanced is a multidisciplinary business research database. Approximately 30% of scholarly journals, trade magazines, newsletters and other business resources have full text. Coverage: 1971-current.

ABI/INFORM® Professional Market Research

ABI/INFORM Professional Market Research offers a premium collection of market research reports and market news services, covering country economics and growth forecasts, economic and trade datasets, global industries and market analysis, and company information.

Business & Industry™

Business & Industry contains facts, figures and key events dealing with international companies, industries and markets. Most records are available in full text. Coverage: 1994-2018.

Chemical Business Newsbase

Chemical Business Newsbase contains facts, figures, news, views, and comments on the chemical industry and its allied end-use sectors worldwide. Coverage: 1985-current.

EconLit

EconLit covers a wide range of economics-related literature. As an expanded version of the Journal of Economic Literature (JEL) indexes of journals, books and dissertations, it covers economic development and history, as well as macro- and micro-economic theory. Coverage: 1886-current, book reviews 1993 to current.

Gale Group Computer Database™

Gale Group Computer Database provides information about the computer, electronics, and telecommunications industries. Coverage: 1983-current.

Gale Group Health Periodicals Database

Gale Group Health Periodicals Database provides both general interest-related and key technical resources in the medical field. Coverage: 1983-current.

Gale Group New Product Announcements/Plus®

Gale New Product Announcements/Plus contains the full text of press releases from all industries covering announcements related to products, with a focus on new products and services. Coverage: 1995-2013.

Gale Group Newsletter Database™

Gale Group Newsletter Database contains the full text of specialized industry newsletters. Coverage: 1988-current.

Gale Group PharmaBiomed Business Journals

Gale Group PharmaBiomed Business Journals database provides international coverage of full-text articles from trade journals on pharmaceuticals, biotechnology and healthcare. Coverage: 1990-current.

Gale Group PROMT®

Gale Group PROMT is a multi-industry database providing broad, international coverage of companies, products, markets and applied

technologies for a wide range of industries and services. Full text is available for most records, and the database employs Gale's highly respected subject indexing to enable effective retrieval of relevant information. Coverage: 1972-current.

Gale Group Trade & Industry Database™

Gale Group Trade & Industry Database is a multi-industry database covering international company, industry, product, and market information. It contains a mixture of full text, abstracted, and citation-only records. Approximately 50% of records are available in full text. Coverage: 1976-current.

Investext

Investext (formerly Thomson Reuters Embargoed Research Collection) offers market research reports on companies, industries, and topics written by analysts at leading investment banks, brokerage houses, and consulting firms worldwide. Reports are full-text searchable, include the citation, and the table of contents to provide access to report sections or complete reports. Coverage: 2003-current.

Jane's Defense & Aerospace News/Analysis

Jane's Defense & Aerospace News/Analysis provides new and analysis covering the defense and aerospace markets. It is no longer actively updated and is an archive only file with coverage 1996-2016.

ProQuest Newsstand™ Professional

ProQuest Newsstand Professional is a collection of leading newspapers, magazines, and wire services with geographic reach throughout the United States and around the world. Coverage: 1983-current.

TableBase

TableBase specializes in tabular data on companies, industries, products, demographics, and other key business information. TableBase covers more than 90 industries and is international in scope. Coverage: 1997-2018.

UBM Computer Full Text

UBM Computer Full Text contains computer, communications and electronics trade magazines in full text. It is no longer actively updated and is an archive only file with coverage 1975-2013.

Energy and Environmental Science

Aqualine

Aqualine focuses on trade, technical and scientific literature concerning all aspects of water resources. Coverage: 1960-current.

Aquatic Science and Fisheries Abstracts (ASFA)

ASFA covers aquatic resources in serial publications, books, reports, conference proceedings, translations and limited-distribution literature. Coverage: 1960-current.

Ecology Abstracts

Ecology Abstracts covers current ecology research across a wide range of disciplines, reflecting recent advances in light of growing evidence regarding global environmental change and destruction. It focuses on how organisms of all kinds – microbes, plants and animals – interact with their environment and with other organisms. Coverage: 1981-current.

Ei EnCompassLit™

Ei EnCompassLit contains comprehensive coverage of petroleum, petrochemical, natural gas, and energy related industries. Coverage: 1999-current.

Energy Science and Technology

Energy Science and Technology covers basic and applied scientific and technical research. It is no longer actively updated and is an archive only file with coverage 1974-2016.

Environment Abstracts

Environmental Abstracts encompasses all aspects of the impact of people and technology on the environment and the effectiveness of remedial policies and technologies.

Environmental Engineering Abstracts

Environmental Engineering Abstracts covers technological and engineering aspects of air, water, and soil quality, environmental safety, and energy production. Coverage: 1990-current.

Environmental Impact Statements: Digests

Environmental Impact Statements: Digests provides detailed abstracts and indexing of the environmental impact statements issued each year by the federal government. EIS extracts the key issues from complex government-released environmental impact statements, converting massive documents into concise, readable abstracts. Each entry includes a clear description of the project, sections on positive impact, negative consequences, and legal mandates. Coverage: 1985-current.

GEOBASE™

GEOBASE provides bibliographic information and abstracts for development studies, Earth sciences, ecology, geomechanics, human geography, and oceanography. Coverage: 1980-current.

GeoRef

GeoRef covers geosciences, geochemistry, and geophysics from journal articles, books, maps, conference papers, reports, and theses. Coverage: 1963-current.

Meteorological and Geostrophysical Abstracts

Meteorological and Geostrophysical Abstracts covers meteorology, climatology, hydrology, glaciology from journal articles, conference proceedings, books and technical reports. Coverage: 1950-current.

Pollution Abstracts

Pollution Abstracts covers government policy and scientific research into air pollution, marine pollution, and waste management from journal articles, conference proceedings, and other sources. Coverage: 1981-current.

ProQuest Environmental Science Professional

ProQuest Environmental Science Professional provides comprehensive coverage of the environmental sciences. Abstracts and citations are drawn from 19 diverse databases, and include

scientific journals, conference proceedings, reports, monographs, books, and government publications. Coverage: 1950-current.

Risk Abstracts

Risk Abstracts encompasses risk arising from industrial, technological, environmental, and other sources, with an emphasis on assessment and management of risk. Coverage: 1990-current.

Sustainability Science Abstracts

Sustainability Science Abstracts covers all aspects of sustainable development, human population, and demography topics, as well as societal issues

involving natural resource management. Coverage: 1995-current.

TULSA™ (Petroleum Abstracts)

TULSA provides citations to articles, patents, meeting papers, and government reports of interest to both scientists and technical professionals. Coverage: 1965-current.

Water Resources Abstracts

Water Resources Abstracts covers water resources, water and wastewater treatment, and water pollution issues from journal articles, books, conference proceedings, and technical reports. Coverage: 1967-current.

Engineering and Technology

Abstracts in New Technology & Engineering

ANTE is a comprehensive index to world literature on technological and engineering innovations. Coverage: 1981-current, with US patents 1971-current.

Aerospace Database

Aerospace Database includes records from periodicals, conference papers, trade journals, magazines, books, patents, and technical reports. It covers all aspects of applied research in the aerospace and space sciences. Coverage: 1962-current.

Aluminium Industry Abstracts

Aluminium Industry Abstracts is a comprehensive index to world literature on aluminium/aluminium production processes, products, applications and business developments. Coverage: 1960-current.

Analytical Abstracts

Analytical Abstracts covers all aspects of analytical chemistry, including general applications, biochemistry and clinical chemistry, industrial and applied science, environmental science, agriculture and food, pharmaceuticals, and instrumentation. Coverage: 1978-current.

Ceramic Abstracts

Ceramic Abstracts covers manufacturing, processing, applications, properties, and testing of traditional and advanced ceramics from journal articles, conference proceedings, technical reports, trade journal and newsletter items, patents, books, and press releases. Coverage: 1975-current

Chemical Engineering & Biotechnology Abstracts

Chemical Engineering & Biotechnology Abstracts provides information aimed specifically at chemical and process engineers or biotechnologists, including the theory of chemical processing and laboratory experimentation to evaluate theories or to provide data, industrial practice, economics, equipment, instrumentation,

corrosion studies and prevention, environmental and personal safety factors. Coverage: 1995-current.

Chemical Safety Newsbase

Chemical Safety Newsbase contains information on the hazardous effects of chemicals and processes encountered by workers in industry and laboratories. It is no longer actively updated and is an archive only file with coverage 1981-2016.

Civil Engineering Abstracts

Civil Engineering Abstracts covers architecture, construction, structural (including earthquake/seismic) design, transportation systems, and surveying. Coverage: 1966-current.

Computer & Information Systems Abstracts

Computer & Information Systems Abstracts provides access to the worldwide literature on the latest theoretical research and practical applications in the field of computer science and information systems technology. Coverage: 1981-current.

Copper Technical Reference Library

Copper Technical Reference Library encompasses all aspects of copper, its alloys and compounds. From mining and extractive metallurgy, to antimicrobial properties, to use of copper in semiconductors. Coverage: 1965-current.

Corrosion Abstracts

Corrosion Abstracts is an index to world literature on corrosion science and engineering, corrosion characteristics, preventive measures, materials, construction, and performance and equipment for many industries. Coverage: 1980-current.

Earthquake Engineering Abstracts

Earthquake Engineering Abstracts covers seismic phenomena, geology, and civil infrastructure. Coverage: 1971-current.

Ei Compendex®

Ei Compendex is the most comprehensive bibliographic engineering database, covering 190 disciplines from the world's significant engineering and technology literature. Coverage: 1800-current.

Electronics and Communications Abstracts

Electronics and Communications Abstracts covers circuits, photonics, telecommunications equipment and instrumentation, power systems, and electrical engineering from journal articles. Coverage: 1981-current.

Engineered Materials Abstracts

Engineered Materials Abstracts is an index to world literature on engineered materials such as polymers, plastics, rubber, ceramics, and composites, and addresses manufacturing practices, properties, and applications of these materials. Coverage: 1986-current.

FLUIDEX (Fluid Engineering Abstracts)

FLUIDEX covers global trade and scientific literature in the use, control, and management of fluids for engineering applications. Coverage: 1974-current.

ICONDA - International Construction Database

ICONDA covers worldwide technical literature on civil engineering, urban and regional planning, architecture, and construction. Coverage: 1976-current.

Inspec®

Inspec is a major source of literature on physics, electrical and electronic engineering, computer and control engineering, information technology, and mechanical, manufacturing and production engineering. The database includes scientific and technical journals, conference proceedings, books, reports, dissertations, and scientific videos. Coverage: 1898-current.

Material Safety Data Sheets – OHS™

Material Safety Data Sheets is a comprehensive collection of material safety data sheets on more

than 60,000 chemicals, including pure substances and mixtures.

Materials Business File

Materials Business File covers materials science, engineering, aerospace, plant development and construction, government regulations and management issues. Coverage: 1985-current.

Mechanical & Transportation Engineering Abstracts

Mechanical & Transportation Engineering Abstracts covers automotive engineering, naval and marine engineering, aerospace engineering, and industrial and manufacturing engineering. Coverage: 1966-current.

METADEX

METADEX covers processing, properties, testing, analysis, and applications of non-ferrous metals, steels, alloys, compounds, and metal matrix composites. Coverage: 1966-current.

Paperbase

Paperbase includes information on all aspects of the pulp, paper and nonwovens industries, from raw materials to finished products. Coverage: 1975-current.

PAPERCHEM

PAPERCHEM covers the international patent and journal literature related to pulp and paper technology. Coverage: 1967-current.

ProQuest Advanced Tech & Aerospace Professional

ProQuest Advanced Tech & Aerospace Professional covers diverse high-tech and aerospace domains, from communications and navigation to acoustics and plasmas. It includes data from four specialist databases. Coverage: 1962-current.

ProQuest Materials Research Professional

ProQuest Materials Research Professional provides bibliographic coverage of serial and non-serial literature on metallurgy, ceramics, polymers, and composites used in engineering applications. It

includes data from seven specialist materials databases. Coverage: 1965-2016.

ProQuest Technology Research Professional

ProQuest Technology Research Professional provides comprehensive engineering and technology research, with coverage of technology and applied science, including materials science, aerospace engineering, mechanical engineering, civil engineering, condensed matter physics, computer science and electronic engineering. Information is drawn from scholarly journals, conferences, patents and other source publications. Coverage: 1962-current.

Registry of Toxic Effects of Chemical Substances (RTECS®)

RTECS is a comprehensive database of toxic information for more than 150,000 chemical substances. Coverage: 1979-2018.

Solid State and Superconductivity Abstracts

Solid State and Superconductivity Abstracts covers applied physics, and information relating to solid state applications, superconductors, and semiconductors. Coverage: 1981-current.

Transport Research International Documentation (TRID)

TRID covers air, highway, rail, maritime and waterborne transport, mass transit, and other transportation modes. Coverage: 1968-current.

Weldasearch®

Weldasearch is a database of short abstracts of articles on welding, joining, and allied technologies. Coverage: 1966-current.

Food and Agriculture

AGRICOLA Professional

AGRICOLA Professional provides extensive bibliographic coverage of worldwide literature citations related to all aspects of agriculture. Coverage: 1970-current.

AGRIS

AGRIS is the international information system for agricultural science and technology. Coverage: 1975-2016.

CAB ABSTRACTS

CAB Abstracts covers the worldwide literature of the applied life sciences, including agriculture, environment, veterinary sciences, applied economics, food science, public health and nutrition. Coverage: 1910-current.

Foodline®: MARKET

Foodline: MARKET provides analyses of food and drink markets, and is no longer actively updated and is an archive only file with coverage 1979-2015.

Foodline®: PRODUCT

Foodline: PRODUCT monitored new food and drink products, and is no longer actively updated and is an archive only file with coverage 1985-2015.

Foodline®: SCIENCE

Foodline: SCIENCE covered scientific and technical information of food and drink industry. It is no longer actively updated and is an archive only file with coverage 1972-2016.

FSTA

FSTA covers worldwide information on food science, food technology, and food-related human nutrition. Coverage: 1969-current.

Multi-Discipline

British Library Inside Conferences

British Library Inside Conferences contains details of papers given at congresses, symposiums, conferences, expositions, workshops, and meetings received at the British Library Document Supply Centre. Coverage: 2014-current.

Current Contents Search®

Current Contents provides full bibliographic coverage of articles in leading journals in the sciences, social sciences, arts, and humanities worldwide. In addition, it provides the complete table of contents for each journal issue it covers. Coverage: 1998-current.

NTIS: National Technical Information Service

NTIS covers the latest research sponsored by the United States and select foreign governments, including reports, journal articles, data files,

computer programs and audio/visual products. Coverage: 1964-current.

ProQuest Dissertations & Theses Professional

ProQuest Dissertations & Theses Professional is a comprehensive collection of dissertations and theses, and is the official digital dissertations archive for the Library of Congress and the database of record for graduate research. Approximately 50% are available in full text.

SciSearch®: a Cited Reference Science Database

SciSearch is a major international database of science, technology, biomedicine and related disciplines. It includes each article's cited references in addition to the usual bibliographic data. Coverage: 1974-current.

Intellectual Property

Argentina Patents Full Text

Argentina Patents Full Text contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families and links to PDFs. Coverage: 1973-current.

Austria Patents Full Text

Austria Patents Full Text contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families and links to PDFs. Coverage: 1899-current.

China Patents Full Text contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families and links to PDFs. Coverage: 1985-current.

Denmark Patents Full Text

Denmark Patents Full Text contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families and links to PDFs. Coverage: 1895-current

Derwent Chemistry Resource

Derwent Chemistry Resource contains chemical substance information, with chemical structure image, for the chemicals within Derwent World Patents Index and the Derwent Drug File.

Derwent Patents Citation Index®

Derwent Patents Citation Index contains patent and literature citations for DWPI patent families. Both examiner and inventor citations are included. Coverage: 1973-current.

Derwent World Patents Index®

Derwent World Patents Index provides patent family records including the first publication of an invention, and further published patents relating to that invention. The records also contain bibliographic data, Clarivate Analytics-assigned titles and abstracts, indexing, and electrical, engineering, and chemical structure drawings.

Eurasia Patents Full Text

Eurasia Patents Full Text contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families, and links to PDFs. Coverage: 1996-current.

European Patents Full Text

European Patents Full Text contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families, and links to PDFs. Coverage: 1978-current.

France Patents Full Text contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families, and links to PDFs. Coverage: 1902-current.

Germany Patents Full Text

Germany Patents Full Text (DE and DD Patents) contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families, and links to PDFs. Coverage: applications 1951-current, granted 1861-current.

Global Patents Bibliographic

Global Patents Bibliographic database contains bibliographic data for patents from 69 countries, and links to PDFs. Coverage: 1921-current.

Great Britain Patents Full Text

Great Britain Patents Full Text contains full text, bibliographic data, front page image, legal status, patent families, and links to PDFs. Coverage: applications 1855-current, granted 1916-current.

IFI Claims US Patents and Legal Status

IFI CLAIMS US Patents and Legal Status contains bibliographic data, full text, citations and legal status for U.S. patents. Value-add enhancements include standardized assignees, in-depth legal status, enhanced subject indexing, and classification code descriptions. Coverage: applications 2001-current, granted 1950-current.

IMS Patent Focus

IMS Patent Focus contains patent family and substance information for marketed drugs or in Phase III clinical trials. It is no longer actively updated and is an archive only file with coverage 1982-2016.

India Patents Full Text

India Patents Full Text contains bibliographic data, original language full text, English machine

INPADOC/Family and Legal Status

INPADOC/Family and Legal Status contains bibliographic data, abstract, legal status, and patent family information from 99 patent authorities. Coverage: 1850-current.

Ireland Patents Full Text

Ireland Patents Full Text contains bibliographic data, full text, front page image, legal status, patent families, and links to PDFs. Coverage: 1930-current.

WIPO Patents Full Text contains bibliographic data, original language full text, English machine translation, front page image, legal status, patent families, and links to PDFs for Patent Cooperation Treaty applications. Coverage: 1978-current.

Pharmaceutical and Biomedical

Adis Pharmacoeconomics & Outcomes News

Adis Pharmacoeconomics & Outcomes News provides up-to-date analyses and news on world pharmacoeconomics, healthcare outcomes news, views, and practical applications. Coverage: 1995-current.

AdisInsight: Drugs

AdisInsight: Drugs (formerly Adis R&D Insight) is a drug pipeline database that tracks and evaluates drugs worldwide through the entire development process, from discovery through pre-clinical and clinical studies to launch. Information is sourced from company contacts, press releases, international conferences, company websites, and medical journals. Coverage: 1995-current.

AdisInsight: Trials

AdisInsight: Trials (formerly Adis Clinical Trials Insight) covers the progress of global clinical trials as they are planned, recruited and conducted, and provides rapid digest summaries of best-evidence study results as they are presented or published. Data is sourced from top clinical meetings, significant publications in the leading medical journals, trial registry websites, and information from media releases. Coverage: 1990-current.

Algology Mycology and Protozoology Abstracts (Microbiology C)

Algology Mycology and Protozoology Abstracts (Microbiology C) covers algae, fungi, protozoa, and lichens, including reproduction, growth, life cycles, biochemistry, genetics, infection, and immunity in humans, animals and plants. Coverage: 1971-current.

Allied & Complementary Medicine™

Allied & Complementary Medicine covers the fields of complementary or alternative medicine and allied health. Coverage: 1985-current.

APA PsycINFO

APA PsycINFO covers the literature in the behavioral sciences and mental health, reaching beyond psychology to related disciplines like medicine, law, social work, neuroscience, business, nursing, forensics, engineering and more. Books, dissertations, and journals are covered. Coverage: 1806-current.

Biochemistry Abstracts 1

Biochemistry Abstracts 1 covers biological membranes and is no longer actively updated and is an archive only file with coverage 1981-1993.

Biochemistry Abstracts 3

Biochemistry Abstracts 3 covers amino acids, peptides, and proteins and is no longer actively updated and is an archive only file with coverage 1981-1983.

BIOSIS Previews®

Biosis Previews covers every area of the life sciences including agriculture, biodiversity, biotechnology, clinical and experimental medicine, drug discovery, gene therapy, marine biology, nutrition, parasitology, pharmacology, toxicology, and many other topics back to the early 20th century. Coverage: 1926-current.

BIOSIS® Toxicology

BIOSIS Toxicology contains citations from BIOSIS that focus on toxicology and related topics. Coverage: 1969-current.

Biotechnology Research Abstracts

Biotechnology Research Abstracts provides research articles on biotechnology (medical, agricultural, and environmental) and bioengineering. Coverage: 1971-current.

British Nursing Index

British Nursing Index is a leading database for the support of practice, education, research, and development for nurses, midwives, health visitors,

and healthcare assistants working in the UK or following UK practice. Coverage: 1994-current.

Calcium & Calcified Tissue Abstracts

Calcium & Calcified Tissue Abstracts assembles pertinent information from wide-ranging sources, reflecting the multi-disciplinary nature of calcium research. Coverage: 1994-current.

Chemoreception Abstracts

Chemoreception Abstracts brings together studies from many diverse disciplines relating to chemoreception. Coverage: 1982-current.

Derwent Drug File

Derwent Drug File selectively covers worldwide pharmaceutical literature covering drug development, synthesis, evaluation, manufacture and use. Coverage: 1964-current.

Derwent Drug Registry

Derwent Drug Registry provides the capability for retrieving groups of drugs that have common structural features and/or biological activities.

DH-DATA: Health Administration, Medical Toxicology & Environmental Health

DH-Data covers core subjects in the United Kingdom, including health service and hospital administration, and medical toxicology and environmental health. Coverage: 1983-current.

DIOPHENES® FDA Regulatory Updates

DIOPHENES® FDA Regulatory Updates provides access to FDA regulatory information, and is no longer actively updated and is an archive only file with coverage 1938-2011.

Drug Information Full Text

Drug Information Full Text provides complete evaluative drug descriptions on thousands of drug products available in the U.S.

Embase®

Embase is a leading international biomedical database, providing information on all aspects of human medicine and related disciplines with an emphasis on drugs, from pre-clinical studies to

critical toxicology. Use Embase to review clinical trials, generate systematic reviews, monitor products for pharmacovigilance, and much more. Coverage: 1947-current.

EMCare®

EMCare covers all nursing specialties and nursing healthcare professions. Coverage: 1995-current.

Endocrinology Abstracts

Endocrinology Abstracts covers aspects of endocrinology, and is no longer actively updated and is an archive only file with coverage 1985-1986.

Entomology Abstracts

Entomology Abstracts covers recent research reports of direct relevance to entomology, including insects, arachnids, myriapods, onychophorans, and terrestrial isopods. Coverage: 1981-current.

ESPICOM Pharmaceutical & Medical Device News

ESPICOM Pharmaceutical & Medical Device News provides current news and developments on companies and markets in the pharmaceutical and medical device industries worldwide. Coverage: 2000-current.

FDAnews

FDAnews provides both U.S. and international regulatory, legislative, and business news and information for companies and organizations that are regulated by the FDA and the European Commission. Coverage: 2004-current.

Genetics Abstracts

Genetics Abstracts provides a practical means for keeping up with wide-ranging findings that are important to scientists' own studies, sifting the worldwide literature for significant advances as they happen and forging an essential link among different systems. Coverage: 1982-current.

Global Health

Global Health covers core health journals as well as sources not routinely indexed by major medical databases. It provides deep subject coverage of information relating to human health and communicable diseases. Coverage: 1910-current.

Health & Safety Science Abstracts

Health & Safety Science Abstracts provides a comprehensive, timely survey of recent work relating to public health, safety, and industrial hygiene. Coverage: 1981-current.

Health Research Full Text Professional

Health Research Full Text Professional is a collection of full text health journals covering all aspects of health-related subjects.

HSELINE: Health and Safety

HSELINE covers all aspects of health and safety at work. Coverage: 1977-2010.

Human Genome Abstracts

Human Genome Focus is no longer actively updated and is an archive only file with coverage 1982-1995.

Immunology Abstracts

Immunology Abstracts summarizes studies relating to all aspects of immune systems in humans and animals, including normal functions and disorders. Coverage: 1982-current.

IMS Company Profiles

IMS Company Profiles provides a profile analysis of components of a pharmaceutical company. It is no longer actively updated and is an archive only file with coverage through 2014.

IMS New Product Focus

IMS New Product Focus tracks worldwide pharmaceutical product launches, records the very first launch of a product in a country, and identifies the indication and price (when available) at the time of the initial launch. Coverage: 1982-current.

IMS R&D Focus

IMS R&D Focus is a drug pipeline database that tracks and evaluates drugs worldwide through the entire development process, from discovery, through pre-clinical and clinical studies to launch. Licensing availability and patent summary information is included. Information is sourced

from journals, conferences and news releases as well as from pharmaceutical companies directly. Coverage: 1994-current.

IMS Pharma Trademarks

IMS Pharma Trademarks provides the latest product information on launched drugs worldwide, including sales information.

IMS R&D Focus Drug News

IMS R&D Focus Drug News covers the latest developments in international pharmaceutical research and development. Coverage: 1994-current.

Industrial and Applied Microbiology Abstracts (Microbiology A)

Industrial and Applied Microbiology Abstracts (Microbiology A) covers findings and practical applications in agricultural, food and beverage, chemical, and pharmaceutical industries. Coverage: 1982-current

International Pharmaceutical Abstracts

International Pharmaceutical Abstracts provides comprehensive coverage of worldwide pharmaceutical literature. Coverage: 1970-current.

King's Fund

King's Fund covers policy and management of health and social care services in the United Kingdom. It is no longer actively updated and is an archive only file with coverage 1979-2017.

KOSMET: Cosmetic Science

KOSMET: Cosmetic Science covers information on cosmetic and perfume science and technology, specifically dealing with raw materials, manufacture, analysis, control, and use. Coverage: 1968-current.

Lancet Titles

Lancet titles contain health and medicine journal articles. Coverage: 1988-current.

MEDLINE®

MEDLINE is the US National Library of Medicine's bibliographic database containing journal articles in

life sciences with a concentration on biomedicine and health, including clinical and experimental medicine, dentistry, nursing, pharmacology, veterinary medicine, psychiatry and psychology, toxicology, and many other related fields. Coverage: 1946-current.

Neurosciences Abstracts

Neurosciences Abstracts covers all aspects of vertebrate and invertebrate neuroscience, emphasizing basic research, including neural diseases such as Alzheimer's. Coverage: 1982-current.

New England Journal of Medicine

New England Journal of Medicine contains full-text articles. Coverage: 1985-current.

Northern Light Life Sciences

Northern Light Life Sciences provides access to life sciences conferences held around the world. New conferences are added as they occur. The collection includes posters which are valuable for their images, charts, and tables. Coverage: 2010-current.
